Index to Volume 22

AUTHORS INDEX*

AUSTIN, JAMES H., Metachromatic and globoid body leukodystrophies, 223

AVERY, GORDON B., Book review: Disease of the newborn. By Alexander Schaffer, with a section on neonatal cardiology by Milton Markowitz and a section by Lawrence Finberg, second edition, 207

— (with Scott, Lewis P. III, and McClenathan, James E.), Congenital heart disease in infants, 181.

— (with Paine, Richmond S., Luessenhop, Alfred J., and Kachmann, Rudolf). Hydrocephalus, grand rounds, 93.

— AND GUANDOLO, VINCENT L., Vertebral column (status dysraphicus), grand rounds, 51

BARNET, ANN B. AND STEVENS, HAROLD, New developments in electroencephalography in children, 321

—, Visual responses in infancy and their relation to early visual experience, from symposium: the role of sensory experience in the maturation of sensorimotor functions in early infancy, 273

BAYLY, JOHN, RANDOLPH, JUDSON, AND BERNYK, A., Surgical approach to liver and gallbladder diseases, grand rounds, 65

BERNYK, A. (with Bayly, John, and Randolph, Judson), Surgical approach to liver and gallbladder diseases, grand rounds, 65

CARMICHAEL, E. ARNOLD, The current status of hemispherectomy for infantile hemiplegia, 285

COHEN, GEORGE J , Book review: Current pediatric therapy 1966–1967 By Sidney S Gellis and Benjamin M. Kagan, 174

CRITCHLEY, MACDONALD, Is developmental dyslexia the expression of minor cerebral damage? (Copeland memorial lecture), 213

DANIELS, SHIRLEY B. (with Oberman, J. William, Littig, Iris, and Grant, Dorothy G.), A program for mentally retarded children in a child health clinic setting, 129

FENICHEL, GERALD M., Histochemical studies of the embryology of muscle with particular reference to cerebral hypotonia, 302

FISHMAN, MICHAEL (with Ozer, Mark N. and Lourie, Reginald S.), Learning problems in children: II. Emotional aspects, 193

FOX, JOHN L., Concepts of intracranial pressure and the blood brain barrier, 75

GLEW, WILLIAM H. (with Parrott, Robert H. and Hatger, Wilhelm), Herpes zoster, grand rounds, 157

GOLD, HARVEY (with Scott, Lewis P. III), Total anomalous pulmonary venous return, grand rounds, 83

GRANT, DOROTHY G. (with Oberman, J. William, Littig, Iris, and Daniels, Shirley B.), A program for mentally retarded children in a child health clinic setting, 129

GREENBERG, LAWRENCE (with Werkman, Sidney L. and Lourie, Reginald S.), Coping with serious illness, symposium, 118

GUANDOLO, VINCENT L. (with Avery, Gordon B.), Vertebral column (status dysraphicus), grand rounds, 51

GUTELIUS, MARGARET F., Book review: Ferment in medicine. By Richard Magraw, a study of the essence of medical practice and of its new dilemmas, with a chapter on automation in medicine written in collaboration with Daniel B. Magraw, 205

* January, pp. 1–42; February, pp. 43–64; March, pp. 65–92; April, pp. 93–128; May, pp. 129–156; June, pp. 157–180; July–August, pp. 181–212; September, pp. 213–246; October, pp. 247–284; November, pp. 285–320; December, pp. 321–354.

GREENBERG, LAWRENCE (with Werkman, Sidney L. and Lourie, Reginald S.), Coping with serious illness, symposium, 118

GUANDOLO, VINCENT L. (with Avery, Gordon B.), Vertebral column (status dysraphicus), grand rounds, 51

GUTELIUS, MARGARET F., Book review: Ferment in medicine. By Richard Magraw, a study of the essence of medical practice and of its new dilemmas, with a chapter on automation in medicine written in collaboration with Daniel B. Magraw, 205

* January, pp. 1–42; February, pp. 43–64; March, pp. 65–92; April, pp. 93–128; May, pp. 129–156; June, pp. 157–180; July–August, pp. 181–212; September, pp. 213–246; October, pp. 247–284; November, pp. 285–320; December, pp. 321–354.

HATGER, WILHELM (with Parrott, Robert H. and Glew, William H.), Herpes zoster, grand rounds, 157
HUNG, WELLINGTON, Book review: Disorders of carbohydrate metabolism in infancy. By Marvin Cornblath and Robert Schwartz, volume III in the series, major problems in clinical pediatrics, Alexander J. Schaffer, consulting editor, 245
—, Complications of pharmacological steroid therapy, 140
JENKINS, RAMON B., Neuropathies and the Guillain-Barré syndrome, 306
KACHMANN, RUDOLF (with Paine, Richmond S., Luessenhop, Alfred J., and Avery, Gordon B.), Hydrocephalus, grand rounds, 93
LITTIG, IRIS (with Oberman, J. William, Daniels, Shirley B., and Grant, Dorothy G.) A program for mentally retarded children in a child health clinic setting, 129
LOURIE, REGINALD S., Clinical studies of attempted suicide in childhood, 163
— (with Werkman, Sidney L. and Greenberg, Lawrence), Coping with serious illness, symposium, 118
— (with Ozer, Mark N. and Fishman, Michael), Learning problems in children: II, Emotional aspects, 193
—, The role of individual constitutional differences in early personality development, from symposium: the role of sensory experience in the maturation of sensorimotor function in early infancy, 282
LUESSENHOP, Alfred J. (with Paine, Richmond S., Avery, Gordon B., and Kachmann, Rudolf), Hydrocephalus, grand rounds, 93
—, Thalamotomies and other stereotaxic surgery in childhood, 293
MCCLENATHAN, JAMES E. (with Scott, Lewis P. III and Avery, Gordon B.), Congenital heart disease in infants, 181
MENKES, JOHN H., Metabolic errors affecting the nervous system, 227
OBERMAN, J. WILLIAM, DANIELS, SHIRLEY B., LITTIG, IRIS, AND GRANT, DOROTHY G., A program for mentally retarded children in a child health clinic setting, 129
OZER, MARK N., Clinical applications, from symposium: the role of sensory experience in the maturation of sensorimotor function in early infancy, 279
—, Learning problems in children. I. Introduction, 56
—, FISHMAN, MICHAEL, AND LOURIE, REGINALD S., Learning problems in children: II. Emotional aspects, 193
—, The uses of operant condition in the evaluation of children with learning problems, 235
PAINE, RICHMOND S., Ataxia and abnormal gaits in children, neurological grand rounds, 43
—, Evidence from clinical and electrophysiological studies and from conditioning experiments, from symposium: the role of sensory experience in the maturation of sensorimotor functions in early infancy, 247
—, LUESSENHOP, ALFRED J., AVERY, GORDON, B., AND KACHMANN, RUDOLF, Hydrocephalus, grand rounds, 93
—, Minimal chronic brain damage, neurological grand rounds, 21
PARROTT, ROBERT H., Book review: Tracy's the doctor as a witness. By William J. Curran, second edition, 173
—, GLEW, WILLIAM H., AND HATGER, WILHELM, Herpes zoster, grand rounds, 157
RANDOLPH, JUDSON (with Bayly, John, and Bernyk, A.), Surgical approach to liver and gallbladder diseases, grand rounds, 65
RICE, E. CLARENCE, Book review: Management of juvenile diabetes mellitus. By Howard S. Traisman and Alvah L. Newcomb, 40
SCOTT, LEWIS P. III, Book review: Pediatric electrocardiography: normal and ab-

normal patterns, incorporating the vector approach. By Warren G. Guntheroth, 63
—, Avery, Gordon B., and McClenathan, James E., Congenital heart disease in infants, 181
— and Gold, Harvey, Total anomalous pulmonary venous return, grand rounds, 83
Spencer, Frank, Cardiac surgery in infants and children: past, present, and future, 1
Stevens, Harold (with Barnet, Ann B.), New developments in electroencephalography in children, 321
Werkman, Sidney L., Adolescence: the American predicament, 145
—, Greenberg, Lawrence, and Lourie, Reginald S., Coping with serious illness, symposium, 118

SUBJECT INDEX*

Abnormal gaits, and ataxia, in children, neurological grand rounds (Paine), 43
Additional list of papers in other journals in 1965, 345
Adolescence: the American predicament (Werkman), 145
Anomalous pulmonary venous return, total, grand rounds (Scott and Gold), 83
Ataxia and abnormal gaits in children, neurological grand rounds (Paine), 43
Book reviews:
Current pediatric therapy 1966–1967. By Sidney S. Gellis and Benjamin M. Kagan, 174
Disease of the newborn. By Alexander Schaffer, with a section on neonatal cardiology by Milton Markowitz, and a section on fluid and electrolyte therapy by Lawrence Finberg, second edition, 207
Disorders of carbohydrate metabolism in infancy. By Marvin Cornblath and Robert Schwartz, volume III in the series, major problems in clinical pediatrics, Alexander J. Schaffer, consulting editor, 245
Ferment in medicine. By Richard M. Magraw, a study of the essence of medical practice and of its new dilemmas, with a chapter on automation in medicine written in collaboration with Daniel B. Magraw, 205
Management of juvenile diabetes mellitus. By Howard S. Traisman and Alvah L. Newcomb, 40
Pediatric electrocardiography: normal and abnormal patterns, incorporating the vector approach. By Warren G. Guntheroth, 63
Tracy's the doctor as a witness. By William J. Curran, second edition, 173
Brain damage, minimal chronic, neurological grand rounds (Paine), 21
Cardiac surgery in infants and children: past, present, and future (Spencer), 1
Clinical applications (Ozer), from symposium: the role of sensory experience in the maturation of sensorimotor function in early infancy, 279
Clinical studies of attempted suicide in childhood (Lourie), 163
Complications of pharmacological steroid therapy (Hung), 140
Concepts of intracranial pressure and the blood brain barrier (Fox), 75
Congenital heart disease in infants (Scott, Avery, and McClenathan), 181
Copeland memorial lecture, Is developmental dyslexia the expression of minor cerebral damage? (Critchley), 213
Coping with serious illness, symposium (Werkman, Greenberg, and Lourie), 118

* January, pp. 1–42; February, pp. 43–64; March pp. 65–92; April, pp. 93–128; May, pp. 129–156; June, pp. 157–180; July–August, pp. 181–212; September, pp. 213–246; October, pp. 247–284; November, pp. 285–320; December, pp. 321–354

Current status of hemispherectomy for infantile hemiplegia (Carmichael), 285
Dyslexia, developmental, is, the expression of minor cerebral damage? (Critchley), Copeland memorial lecture, 213
Electroencephalography, new developments in, in children (Barnet and Stevens), 321
Emotional aspects, learning problems in children (Ozer, Fishman, and Lourie), 193
Evidence from clinical and electrophysiological studies and from conditioning experiments (Paine), from symposium: the role of sensory experience in the maturation of sensorimotor functions in early infancy, 247
Guillain-Barré syndrome, neuropathies and the (Jenkins), 306
Heart disease, congenital, in infants (Scott, Avery, and McClenathan), 181
Hemiplegia, infantile, the current status of hemispherectomy for (Carmichael), 285
Hemispherectomy, the current status of, for infantile hemiplegia (Carmichael), 285
Herpes zoster, grand rounds (Parrott, Glew, and Hatger), 157
Histochemical studies of the embryology of muscle with particular reference to cerebral hypotonia (Fenichel), 302
Hydrocephalus, grand rounds (Paine, Luessenhop, Avery, and Kachmann), 93
Hypotonia, cerebral, histochemical studies of the embryology of muscle with particular reference to (Fenichel), 302
Intracranial pressure and the blood-brain barrier, concepts of (Fox), 75
Is developmental dyslexia the expression of minor cerebral damage? (Critchley), Copeland memorial lecture, 213
Learning problems in children. I. Introduction (Ozer), 56
Learning problems in children. II. Emotional aspects (Ozer, Fishman, and Lourie), 193
Learning problems, operant conditioning in the evaluation of children with, the use of (Ozer), 235
Leukodystrophies, metachromatic and globoid body (Austin), 223
Liver and gallbladder diseases, surgical approach to, grand rounds (Bayly, Randolph, and Bernyk), 65
Mentally retarded children, a program for, in a child health clinic setting (Oberman, Daniels, Littig, and Grant), 129
Metabolic errors affecting the nervous system (Menkes), 227
Metachromatic and globoid body leukodystrophies (Austin), 223
Minimal chronic brain damage, neurological grand rounds (Paine), 21
Muscle, embryology of, histochemical studies of, with particular reference to cerebral hypotonia (Fenichel), 302
Neuropathies and the Guillain-Barré syndrome (Jenkins), 306
New developments in electroencephalography in children (Barnet and Stevens), 321
Program for mentally retarded children in a child health clinic setting, a (Oberman, Daniels, Littig, and Grant), 129
Role of individual constitutional differences in early personality development, the (Lourie), from symposium: the role of sensory experience in the maturation of sensorimotor function in early infancy, 282
Role of sensory experience in the maturation of sensorimotor function in early infancy, the, symposium (Paine, Barnet, Ozer, and Lourie), 247
Serious illness, coping with, symposium (Werkman, Greenberg, and Lourie), 118
Steroid therapy, pharmacological, complications of (Hung), 140
Suicide, attempted, in childhood, clinical studies of (Lourie), 163
Summaries of papers in other journals in 1965, 152, 175, 208
Surgery, cardiac, in infants and children: past, present, and future (Spencer), 1

Surgery, other stereotaxic, and thalamotomies in childhood (Luessenhop), 293
Surgical approach to liver and gallbladder diseases, grand rounds (Bayly, Randolph, and Bernyk), 65
Thalamotomies and other stereotaxic surgery in childhood (Luessenhop), 293
Total anomalous pulmonary venous return, grand rounds (Scott and Gold), 83
Use of operant conditioning in the evaluation of children with learning problems, the (Ozer), 235
Vertebral column (status dysraphicus), grand rounds (Avery and Guandolo), 51
Visual responses in infancy and their relation to early visual experience (Barnet), from symposium: the role of sensory experience in the maturation of sensorimotor functions in early infancy, 273
